

Hosting a course with KAPAP ACADEMY LLC is easy. Our staff and certified instructors have taught courses at international locations since 2005. We have worked in any Room/ Range configuration and weather condition possible and we want to work with you!

Providing training opportunities at local ranges and at cost effective facilities is the best and most economical way to make sure that you and your friends, neighbors and colleagues are prepared to defend themselves.

We can guide you through the process of setting up a course and will, of course, assist in (or handle entirely) the marketing and registration process.

We can also put you in touch with those who have hosted course with us previously so that you can get feedback and insight from them.

In addition to the Israeli Combat Point Shooting, Advanced Tactical Pistol, Tactical carbine and Shotgun, we can look into hosting more advanced specialty courses depending on your venue.

Contact us via [E-MAIL](#) or at **201-310-6707** to discuss hosting a course in 2010!
